STAR Events

Students Taking Action with Recognition

***Please note that all chapter advisers must also follow the 2019-2020 National FCCLA Competitive Events Guide.**

***Sections highlighted in yellow are subject to change with the publication of the 2019-2020 National FCCLA Competitive Events Guide.**

STAR Events (Students Taking Action with Recognition) are competitive events in which members are recognized for proficiency and achievement in chapter and individual projects, leadership skills, and career preparation. STAR Events offer individual skill development and application of learning through the following activities:

- cooperative—teams work to accomplish specific goals
- individualized—an individual member works alone to accomplish specific goals
- competitive—individual or team performance is measured by an established set of criteria.

STAR Events promote the FCCLA Mission to focus on the multiple roles of family member, wage earner, and community leader. Each event is designed to help members develop specific lifetime skills in character development, creative and critical thinking, interpersonal communication, practical knowledge, and career preparation. The belief that everyone can be successful is the foundation of these events. Cooperation and competition are stressed in positive, constructive ways. Respect and interaction between youth and adults are fostered by establishing teams of adult and youth evaluators and event managers.

Event Information

An *individual event* is one that is completed by the individual. A *team event* is one that is completed by *team* members, with the exception of Chapter Service Project, Chapter in Review, and Promote and Publicize FCCLA!, which reflect the efforts of other chapter members.

DISQUALIFICATION

Disqualification is unfortunate for everyone concerned—participants, advisers, and event managers. To avoid unnecessary disappointment, keep in mind the causes for disqualification.

1. Failure to affiliate with national headquarters by the Region STAR Events deadline. Only affiliated members may register for region and state STAR Events. See “Membership” for details on affiliation, membership transfers, and late membership policies.
2. Failure to arrive in a timely manner for event presentation. Participants are required to arrive 30 minutes before their scheduled event presentation and may be disqualified if more than 15 minutes late.
3. Participation of students or adults in behavior that negatively affects the management of STAR Events or failure to display a positive image of the FCCLA organization before, during, or after participation in STAR Events may result in disqualification of students or adults and/or eligibility of the student(s) and/or adults(s) for participation the following year. The penalty is determined by the Competitive Events Team.
4. Failure to register for the State Leadership Conference and appropriate hotel accommodations. All participants must be registered for the State Leadership Conference and to stay at the official hotel. STAR Events participants attending the State Leadership Conference and not staying at the official hotels will not be permitted to compete in competitive events.
5. Adviser interference in the judging process may lead to participant disqualification.

EVENT DESCRIPTION AND CATEGORIES

Individual events evaluate one member's performance. Team events evaluate several participants' or a chapter's performance as one entry. Team events may have one, two, or three participants from the same chapter, with the exception of Culinary Arts, which requires only that students be from the same state and Parliamentary Procedure, which may have four to eight participants from the same chapter.

An event category is determined by the participant's current or previous enrollment in Family and Consumer Sciences coursework or a Career Cluster class/course that is taught or could be taught by a person approved by the state education system for teaching Family and Consumer Sciences courses or content areas. Entry into a particular category is determined by affiliation with FCCLA, membership designation of either comprehensive or occupational as defined below, and participant's grade in school during the school year preceding the National Leadership Conference. Any change in membership status must be reported by the Region STAR Events regular registration deadline.

Event categories are defined as:

- Junior—FCCLA chapter members through grade 9
- Senior—FCCLA chapter members in grades 10-12; who are identified as comprehensive members on the national affiliation form.
 - In Georgia, the following career pathways are considered comprehensive and fall under the Senior Category:
 - Nutrition and Food Science
 - Teaching as a Profession
 - Interiors, Fashion and Textiles
 - Housing and Community Management
- Occupational—FCCLA chapter members in grades 10–12; who have been or are currently enrolled in occupational Family and Consumer Sciences coursework; and who are identified as occupational on the national affiliation form.
 - In Georgia, the following career pathways are considered occupational and fall under the Occupational Category:
 - Early Childhood Education
 - Culinary Arts

Mixed Teams:

- A team composed of both junior (through grade 9) and senior (grades 10–12) comprehensive or occupational (grades 10-12) members must enter the senior category.
- A team composed of both senior (grades 10–12) comprehensive and occupational (grades 10–12) members must enter the senior category.
- A team composed of both junior (through grade 9) and occupational (grades 10–12) members must enter the senior category.
- Team events with only senior (grades 10–12) comprehensive and occupational (grades 10–12) categories may not include members through grade 9.
- Postsecondary members are eligible if they are enrolled in a postsecondary program (grades 13–16 in career and technical education centers, community colleges, and four-year colleges and universities).

MEMBERSHIP

A student is not considered an affiliated FCCLA member at any level (local, state, and/or national) until all membership dues are received at national headquarters. Only affiliated members are eligible to compete in any level of STAR Events.

Participants must compete in the same membership category (comprehensive, occupational, or postsecondary) as indicated in the membership affiliation system. Membership transfers may be needed for participants who have transferred in or out of an occupational program, are transferring chapters, have graduated and are transferring to a postsecondary chapter, or were otherwise affiliated incorrectly. To change membership status within the affiliation system, please contact Traci Bryant, Georgia FCCLA Executive Director. Changes in membership status must be completed by the Region STAR Events regular registration deadline.

In addition to membership deadlines are STAR Events registration deadlines. Please ensure that all registrations are submitted in a timely manner to avoid disqualification or late fees at the regional, state, and national levels.

AWARD DECISIONS

The decisions of the evaluators are final.

STATE RECOGNITION

Participants will receive recognition items including certificates and achievement medals. Recognition levels are:

- Gold medal (highest level)
- Silver medal
- Bronze medal.

Each entry is evaluated by a standard set of criteria. There is no limit to the number of medals given for each level in any category.

STAR Events participants must attend their Recognition Session to receive a medal. The method of recognizing national STAR Events participants will be published prior to the National Leadership Conference.

REGION AND STATE PARTICIPATION SCHEDULES

A tentative competition schedule and event registration, orientation information (if offered onsite) will be posted with the Region STAR Events and State Leadership Conference Adviser Guide.

Chapter advisers will receive the scheduled participation times for their chapter's participants during the Competitive Events Registration Packet Pick Up. Changing schedules with other participants is not permitted. Due to the amount of competitors, we are unable to accommodate special scheduling requests.

Chapter advisers will be responsible for picking up all STAR Events registration materials and distributing it to their STAR Events participants. At this time the chapter adviser or adult designee will:

- Confirm participant attendance and no-shows
- Receive participant information, which may include ribbons, participation times, specific event materials, and recognition session information
- Sign acknowledgement of receipt of materials.

Any packets not picked up and signed during the specified STAR Events Registration time will result in participants not receiving the 3 points for registration. Participants are still eligible to compete at their scheduled time. Any packets not picked up during the specified time(s) will be identified as late pick-up. Chapter advisers may pick up these materials during normal conference registration hours.

Participants are required to be available during the entire time their event takes place. Do not schedule other activities during these time periods.

Questions regarding STAR Events will be handled at the Competitive Events Headquarters only.

Due the number of competitors and space limitations, some events may be competing in a large room, with multiple presentations occurring at the same time.

ONLINE TESTING

Applied Math for Culinary Management and Parliamentary Procedure participants are required to take their event tests during an online testing window. This test will not be offered onsite at the Region STAR Events or State STAR Events competitions. Participants not taking the test online during the testing window will lose the testing points.

The top two in each category will advance from State STAR Events to National STAR Events, with the exception of Culinary Arts and Baking & Pastry where only the top team will advance. Only participants receiving a gold or silver medal are eligible to advance.

Eligibility and General Rules for All Levels of Competition

1. An individual member may participate in only one national STAR Event in any given year. Participation is open to any nationally affiliated FCCLA chapter member. Events may have additional eligibility requirements. States may limit the number of times a member may compete in an event; please check with the state adviser.
2. Participants must follow national rules for competition, or risk possible disqualification or loss of points. If national rules vary from state event rules, entries need to be changed to comply with national rules.
3. All STAR Events projects must be developed and completed during a one-year span beginning July 1 and ending June 30 of the school year before the National Leadership Conference.
4. All STAR Events projects must be planned and prepared by the participant(s) only. Supporting resources are acceptable as long as participants are coordinating their use and resources are cited appropriately verbally and/or in print during the presentation to avoid false credit for unoriginal or non- participant work. Participants are encouraged to use original materials, items licensed for reuse, or items in which copyright permission has been granted.
5. State and chapter advisers should ensure that identical presentations of the same project are not entered into STAR Events multiple years.
6. Participants are not allowed to distribute any materials to the evaluators unless the event rules specifically allow it. Evaluators are not allowed to keep any items given to them by STAR Events participants.
7. No projects can be entered in more than one category of a single event, or in more than one event. However, projects entered in any event may be included in the Chapter in Review events.
8. Chapters are allowed to enter only one entry in Chapter in Review Display and one entry in Chapter in Review Portfolio per category.
9. Chapters are allowed to enter only one entry in FCCLA Chapter Website.
10. Spectators are not allowed to observe any portion of any STAR Event. Videotaping and/ or audio recording of events is not allowed. *Exception: Media and Business & Industry partners may be escorted into events with prior approval and arrangements made through national headquarters and the Competitive Events Advisory Team. States may set policies for exceptions on the state level.
11. Participants are to maintain a professional appearance and attitude during all STAR Events activities.
12. Participants are responsible for their own event materials and may not have others assist them with event setup, including moving items into the competition area. Any items left behind are not the responsibility of FCCLA and may be discarded.
13. STAR Events resources (topics, scenarios, templates, etc.) can be found online at <http://fcclainc.org/programs/resources.php>.  Look for this icon next to events which have resources on the FCCLA National Website.
14. For Fashion Construction, Fashion Design, and Recycle and Redesign events lingerie and swimsuits are not allowed. Clothing that does not meet acceptable standards of modesty/ appropriateness for a school function or setting is prohibited.
15. If a participant fails to adhere to event guidelines or event definition, or prepares an item not based on the current event scenario, then the sample/display/project is ineligible for evaluation. The participant will still be able to compete with an oral presentation if they choose to do so and will only be scored on the oral presentation.
16. Participants may present in front, behind, or beside the designated table or space. Participants may not place items on the consultant or evaluator tables.
17. All materials on displays must be placed on a clearly defined presentation surface. Displays with a clearly defined front presentation surface (such as tri-fold boards) may not have items on the back of the board, as consultants/evaluators would not be expected to look behind a display for project components. Displays with multiple presentation sides may have materials on all clearly defined presentation surfaces. All materials must be easily viewed, accessible, and legible.
18. No live animals or people can be used as props or visuals. Only registered event participants may present in competition.

Importance of Chapter Advisers Serving as Event Volunteers

Chapter advisers are subject matter experts in both Family and Consumer Sciences and FCCLA. As subject matter experts, they serve an important role in providing essential information about FCCLA, Family and Consumer Sciences curriculum, and career and technical education to both members and other adult volunteers. Without chapter advisers serving as event volunteers (lead and assist lead consultants, room consultants, evaluators) evaluation teams may lack critical context and subject matter information that could negatively impact final scoring.

Chapter advisers are responsible for recruiting one volunteer for every three registered participants. This expectation is for every level of competition – region, state, and national. Please use the chart below to help determine how many volunteers you need to recruit:

Number of STUDENTS (not teams)	Number of judges you need to provide
0-3	1
4-6	2
7-9	3
10-12	4

STAR Events Tie-Breaker Procedures

The following tie breakers will be used, if necessary, to help determine the overall winner in a particular event. If scores are tied so that a winner cannot be determined, the tie will be broken by the highest score on the first tie breaker (★). If those scores are tied, the second tie breaker will be used (★★), followed by the third tie breaker (★★★). If those scores are also tied, it is up to the evaluators to make the final determination based on review of the product in the event (portfolio, display, sample, etc.) *For events offering scholarships at the National Leadership Conference, no ties will be allowed. This document may be adapted, if desired, for use at the state level.*

Frequently Asked Questions

- 1. Instead of creating a freestanding or tabletop display, can I create a PowerPoint presentation as my display?** No.
- 2. If my project's product is too large to transport to competition, can we provide photos instead of bringing the product to competition?** No, the product must be present at competition for appropriate evaluation.
- 3. If using something other than PowerPoint for an electronic portfolio, how do I count "slides?"** A slide is defined as a single slide in PowerPoint, or a single path/transition in another format, such as Prezi. If using a website, information presented in one screen view would be considered one slide.
- 4. Can I provide 3 laptops/iPads/devices in my presentation, one for each evaluator?** No, only one device may be used to present an electronic portfolio. Nothing may be handed to the evaluators.
- 5. Can slides be of any color?** Yes, but not all color choices may be appropriate for legibility and viewing.
- 6. Can I use a remote to advance electronic slides?** Yes. Pointers or props may not be allowed in your event.
- 7. Can a student turn in both a hardcopy and present their portfolio in a PowerPoint?** No. Students must choose one type of portfolio format. For hardcopy portfolios, visuals may be used to support, illustrate, or complement the presentation, if allowed in the event. If using a laptop or tablet as a visual (where allowed) along with a hardcopy portfolio, it may not be used to present information intended to be included in the portfolio.
- 8. If a member graduates in December, are they still eligible to compete in STAR Events?** School districts set eligibility requirements for participation in local FCCLA chapter activities, including STAR Events. Upon local and/or state eligibility determination, any nationally affiliated member may participate in STAR Events, based upon individual event eligibility criteria.
- 9. Can a member compete in both an online STAR Event and another STAR Event?** No. They may only compete in one STAR Event in any given year.
- 10. Are participants required to use manila folders from the FCCLA supplier?** No. For the 2018-2019 school year, the file folder with the line for "National Region" will still be available from the FCCLA Store and may be used by chapters. No point deduction for using or providing national region should be assessed. For the 2019-2020 school year, points will not be fully earned if any additional information is included on any file folder used in competition.
- 11. Can students use FCCLA copyrighted material in STAR Events projects?** Yes, as long as the project is not used for commercial purposes or sold. All FCCLA resources must be cited appropriately.
- 12. In an event with file folder, does it matter what color they are?** No.
- 13. In portfolio events, are content divider pages required?** If the event specifications give a range of pages/slides, such as 0 – 9, then a participant may have zero divider pages, and not be penalized. Please note that evaluators may include lack of dividers as they determine point allocations in the event rubric, related to portfolio appearance and organization.
- 14. Can content pages have graphics or decorations?** Yes, any page that does not specify to use plain paper may have graphic or decorative elements.
- 15. Is a font considered a graphic?** If the font is a graphic font, then it is a graphic. Unless specified, fonts may be in any color.
- 16. Do we have to use the FCCLA templates provided, or can we retype it on our own computer?** The template provided can be modified but all of the information, including headings, must be used in the correct order on any document created and

- remain within the page limits given in event specifications. The logos are encouraged but are not required.
17. **Can an iPad be used in place of note cards?** Yes, as long as those devices are not used for recording, publishing, or receiving information during the presentation. They should be placed in airplane mode prior to the start of the event.
 18. **How should we address budgets and evaluations when the project has not yet been completed at the time of regional/state competition?** For presentations prior to National Leadership Conference, participants should give the anticipated numbers (budgets). Evaluation plans should be presented in detail (evaluation methods, instruments, anticipated outcomes). This information should be updated for projects advancing to national competition. Projects are to be developed and completed within a one-year span beginning July 1 and ending June 30 of the school year before National Leadership Conference.
 19. **Is a digital photo frame/iPad/etc. used to display photos, considered a photo album?** If it is displaying multiple photos as a hardcopy album would, it would be considered a photo album.
 20. **On the Project Identification Page, how should “event name” be listed? Should category be included?** Either “Career Investigation” or “Career Investigation – Junior” will be accepted as correct.
 21. **Would a music stand be considered an easel?** If being used to “hold materials upright, usually during a presentation or display” then it would be considered an easel.
 22. **If a participant places too many copies in a file folder, are penalty points assessed?** No. Additional materials should be removed and not considered in evaluation.
 23. **Can we laminate pages?** Yes, but all laminated pages must still meet any size requirements as stated in event guidelines.
 24. **If I have a multi-page document and place it in a sheet protector, is that counted as one content page?** Multiple pages within a sheet protector will count as more than one page, unless the sheet protector is sealed and only one page is able to be viewed.
 25. **If there is an electrical outlet available, can we use it?** FCCLA will not prevent a student from using an outlet (if allowed in event guidelines), but access is not provided. Competition setup (location of tables, chairs, display area) will not be adjusted to accommodate electrical outlet usage.
 26. **When should I submit the Online Project Summary Form?** This should be submitted prior to your first competition. If necessary, resubmit the form with updated information if needed.
 27. **Can I reduce the size of the Online Project Summary Form for my display?** Yes, but it must remain legible and easily read by the event consultant.
 28. **Is the Event Online Orientation available for all levels of competition (regional, district, state)?** The online orientation is required for students competing at the 2018 National Leadership Conference. Each entry must complete and submit the STAR Events Online Orientation form to the event room consultant at the time of competition. The forms are not to be included within a portfolio or placed on a display. Forms are accepted at the time of completion, and not during or after the presentation. Only one form per entry (team or participant) is required. States may choose to require an onsite orientation or may develop an online orientation. Please confirm state procedures with your state adviser.
 29. **Are accommodations made for special needs students?** Participants who require accommodation in their event should indicate a special needs request during the national event registration. A national staff member will contact the adviser to determine the best process for the participant. For regional/district/state competitions, please contact the state adviser.
 30. **Can a senior or occupational member compete on a team with a postsecondary participant?** No.
