

WHAT IS FCCLA

FCCLA is an national student organization where student members all over the country are provided with the opportunity to explore the ultimate leadership experience. FCCLA is a co-curricular offering through the Family and Consumer Sciences (FCS) classes at Rome High School. Students who are members of FCCLA are pursuing completion of a pathway within the GTAE (Career Technical Agriculture and Education) program. Being an FCCLA member is a great way to get more involved in the community through public speaking opportunities, serving others and learning more about careers in our area. FCCLA provides great leadership experience within the organization, and helps to develop important life skills through active participation in projects and competitions offered at the region, state and national level.

STAR PROJECTS

STAR Events (Students Taking Action with Recognition) are competitive events in which members are recognized for proficiency and achievement in chapter and individual projects, leadership skills, and career preparation.

FOCUS ON CHILDREN

An individual or team event - recognizes participants who use Family and Consumer Sciences skills to plan and conduct a child development project that has a positive impact on children and the community.

Professional Presentation

An individual or team event - recognizes participants who make an oral presentation about issues concerning Family and Consumer Sciences and/or related occupations.
